And What Have You

By BOB CRAIG

About this time every year for the past several years I have tried without success to get the school, civic clubs or just individuals interested in some type of summer recreational program for our youngsters.

Don't expect to have any more success this year than I have had in the past but feel that some program for the young people of Hamlin is needed — so here goes again.

The list of towns in this area that have annual summer programs for their youth grows each year with Hamlin being one of the few left doing nothing.

While Hamlin does have a pretty good baseball program to its credit this can hardly be called a summer program for two reasons. One is that it is over before the summer is much more than one-third gone and the other is that it makes no provisions for the girls.

What makes it so bad is that we have the facilities and the trained people are available — all we need is a little money and some interest.

But unfortunately, no one seems to care.

Another good project I would like to see the people of Hamlin undertake is getting our theatre opened here again. The people of Albany, after their theatre was closed for about a year decided that something should be done and they did it.

They formed a non-profit corporation, bought or leased the theatre there, remodeled it and are running it on weekends.

Volunteer workers did the remodeling, they replaced the seats and got the projection equipment up in shape and are now open every weekend. As I understand it, only the projectionist is paid with everyone else volunteering their time.

The Garden Club took on the project of selling annual memberships at \$50 each and raised over \$2800 in a few weeks.

I have no idea what it would cost to get the theatre here opened again or even if it would be available, but believe if Albany can support a theatre on weekends surely Hamlin can.

A friend of mine is serving on the board of directors of the Albany organization and if any organization here is interested in looking into the project I would be happy to arrange a meeting with some of the people of Albany.

There is a great need for a show here, especially for the junior high school age youngsters. The only way these kids can go to a show now is to get together and find someone willing to take them to Stamford or Abilene.

It has about been proven that the youngsters of Hamlin won't support a youth center but I believe that they would support a clean, well run theatre, especially one that could operate on a minimum amount of income through volunteer support.

While mentioning Albany, I would like to put in a plug for the annual Fort Griffin Fandangle scheduled for this weekend and next. If you have never seen this production I would highly recommend it to you.

This will be the 32nd production of this outdoor stage performance put on by local amateurs with professional results. The show runs for six nights Thursday, Friday and Saturday of this week and Thursday, Friday and Saturday of next week.

The Fandangle is a gentle satire of life at the famous western outpost of Ft. Griffin, Texas, and the lively and lusty town of Griffin which sprang up in the shadow of the fort. The musical portrays the different facets of life in pioneer times through pageantry, comedy and showing off Western style.

RIFLE PRACTICE — Taking part in the rifle shooting session are girls in the second grade group. Here the girls take turns aiming the rifles at marked targets. Sessions are held daily this week at Camp Ka-Ta from 8:45 a.m. to 2 p.m.

The girls take part in arts and crafts, sessions in science, sports and games during the one week. Closing activities will be Friday at 7:30 p.m. Refreshments will be served the campers and their families.

School Board Hires Six New Teachers

The Board of Trustees of the Hamlin Independent School District hired four teachers in their meeting here Monday evening, bringing the total teachers hired during the past month to six. This leaves the district one vacancy yet to be filled.

Hired Monday evening were Mrs. James Eddie Jay, Mrs. Carlton Taylor, Dan Newberry and Mrs. Bill Shira. Hired earlier were Andy Brown and John Notaro.

Mrs. Jay was hired as a first grade teacher, replacing Mrs. R. B. Hennington who announced her retirement at the end of the current school year. Mrs. Jay is a spring graduate of Abilene Christian College.

Mrs. Taylor, who lives in Roby, was hired to teach Homemaking in high school, replacing Mrs. Carl Murrell who retired at the end of the school year. Mrs. Taylor is the former Kay McCoy, daughter of Mr. and Mrs. Runt McCoy and a graduate of Hamlin High School. She received her B.S. degree in Homemaking at Texas Tech University in 1968. She has been teaching in Spade High School.

Dan Newberry, son of Mr. and Mrs. B. V. Newberry, was named seventh grade coach in Junior High School. He is currently serving in the U.S. Army and will be discharged in July. He is a Hamlin High School graduate and received his degree in science and physical education from Hardin-Simmons University in 1968. Newberry will replace Jesse Powell who is returning to Miami to play pro football with the Miami Dolphins.

Mrs. Bill Shira, who has been teaching high school this spring was named eighth grade English teacher, replacing Mrs. Don Drummond who resigned this spring. Mrs. Shira is a

graduate of Hardin-Simmons University.

Andy Brown has been hired as junior high school math teacher replacing Jerry Keen. He is a graduate of Anson High School and McMurry College.

John Notaro, a graduate of West Texas State University, Canyon, has been hired as a high school assistant football coach. He was a freshman assistant coach at WTSU this past year.

Yet to be filled is a junior high school arts and craft teacher to replace Mrs. Weldon Griggs who has announced her retirement.

In other action the board discussed the proposed budget for the coming year, but delayed approving it until the July meeting when more board members will be present.

The proposed budget calls for an expenditure of \$643,551 during the coming year. This is an increase of nearly \$40,000 over this past year. Of this increase about one-half will be raised locally through the increased valuations announced earlier by the board and the balance will come from increased state funds.

The Oil Tax hearing has been set for July 16 in the high school cafeteria at 9 a.m.

The board also adopted a common school calendar for the coming year. The calendar is the same one to be used by all schools in Fisher, Jones and Stonewall Counties.

Under the calendar classes will start Aug. 23 and end May 19. The school year will start for the teachers Aug. 16 with in-service training and workdays.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(June 11, 1926)

One of the most prominent days of all for the Neinda community is the day on which their school closes. And that was on Friday of last week.

The Herald man had an invitation to be out with them that day; we certainly accepted and enjoyed the day probably better than ever before. And when we put our amount of enjoyment on that scale it means that we are scrambling for words to express ourselves.

We have heard much of the Neinda school building but not till last Friday did we really understand what a dandy structure they have. It is a brick and concrete and fully furnished. Everything about it is new. The people feel the newness of the surroundings and they are making the best of their opportunities. The Neinda school building is probably the best rural school house in Jones County. Jones County is ranked among the best equipped counties in the state. In the Neinda community one finds a great deal of pride being shown in many ways. There are many new modern farm homes will all the city conveniences and their farms are being handled in the most approved manner to produce the highest yield.

The school though is the real center of that community. It is there that every family is directly or indirectly interested. We find that their present Superintendent has been there three terms and has been elected for the fourth year. That speaks well for the community as well as for the teacher. We see from all indications that all teachers there the past term have had the best interest of the community at heart, for they have kept the school rooms and school property in excellent condition. There is system and order.

It was proven last Friday that Hamlin Park can be of use to more than just the folks of town.

The White Pond School closed a successful term and when they cast about for a good place to enjoy the last day no place could be thought of that would beat Hamlin Park. So the teachers and kiddies and the parents all bundled up, and with lots of good things to eat hiked to Hamlin and had a real good time. Then left to enjoy the ballgames of the Neinda School that was also just closing.

TWENTY YEARS AGO
(June 15, 1951)

Hamlin Rotary Club heard Pat Patterson in their Wednesday luncheon discuss "America" and its flag.

He took up in detail what the flag stood for and how interprise of its people help make 83 percent of the

farm homes and land owned by the people themselves. He closed asking everyone to help keep our flag the "symbol of freedom, and the land of the brave."

A series of home games are on tap for the Hamlin Cardinals and one of the chief attractions will be the appearance here Sunday of an Abilene independent club.

Little is known of the Abilene organization except that a number of college stars are included in the lineup.

Additional games with Trent and Dickens are in the offering for the Cardinals before the July 3 date with the strong Turkey aggregation.

Qualifying for the second annual Anson Country Club Invitational golf tournament is scheduled for June 21, and the three day tournament will follow on June 22 through the 24. The low 16 qualifiers will compose the championship flight.

Entry fee is \$5.00. Prizes totaling around \$1,500.00 will be awarded the various winners, Alton Washington, club president, has announced.

A buffet supper and long driving contest are included in the schedule for June 21.

Many Hamlin golfers have signified an intention to enter the tournament.

Announcement was made last week that the Hamlin Foursquare Church began a revival Sunday 10 to last through Sunday, June 24.

Evangelist R.E. Huymphrey is conducting the services each evening at 8:00 p.m.

Special music will be given throughout the revival and a cordial invitation is extended to all to attend.

TEN YEARS AGO
(June 15, 1971)

Hamlin representatives to Boys State, which was held last week in Austin, were Stanley Austin and Bill Richey.

The boys were selected by the faculty as outstanding citizens and future leaders of our city.

The boys are sponsored jointly by the Rotary Club, Lions Club and the Sylvester American Legion Post.

Fathers of Pony League ballplayers will play their sons in a benefit ballgame Tuesday night, June 27, at the High School ballpark. The game will start at 8 p.m. The fund raising game will give the dads a chance to even the score...with their kids who beat them earlier this month. The money is to help defray expenses of the league.

A children's revival will begin Monday at the Assembly of God Church with Miss Maurine Short of Abilene conducting the services.

Meetings will be held each evening at 7 p.m. Monday through Friday.

Neinda Philosopher Starts to Solve Part Of Litter Problem But Then Backs Away

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One tackles the garbage problem this week, not too successfully.

Dear editor:
According to an article I read in a newspaper last night which I'd already looked at once but was better than the re-run I'd already seen three times on television, some ecologists were up in arms in some city, I forgot which, because members of a woman's garden club served refreshments in paper cups.

Cold drinks, they contended, should be served only in returnable bottles or re-usable glasses and the women ought to be ashamed to be contributing to the garbage problem.

They said they had nothing against garden clubs but the members ought to join the national drive to cut down on the millions of tons of disposable containers now plaguing the nation.

I have been thinking about this and I guess the ecologists are right, but they shouldn't stop with paper cups.

For example, what I'd like to see is a returnable automobile. These throw-away models are cluttering up the junk piles of the world.

The same goes for

refrigerators, washing machines, box cars, baby beds, etc. I don't know about Congressmen. There's very few returnable ones. When one gets beat he rarely returns home to the people he claims he loves, he gets appointed to a job and stays on in Washington. They tell me there're hulks of ex-Congressmen scattered all over the place.

Or getting back to paper, take postage stamps, a small item you might say, but do you know how many billions are used every year? There's no need for the post office department to bring up thousands of tons of stamps and ship them around to all the

Yours faithfully,

A THIRSTY LAND

Men have a thirst and a longing for goodness and righteousness. Even the most parched soul is touched by acts of kindness, forgiveness, and love. Jesus said, "Whosoever drinketh of the water that I shall give him shall never thirst; but the water that I shall give him shall be in him a well of water springing up into everlasting life."

May all who are thirsty for a oneness with man and with God find satisfaction and fulfillment by attending church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Makes Statement—

Supt. Cook to Retire At End of Coming School Year

(Editor's note: C. F. Cook, superintendent of the Hamlin Public Schools issued a statement this week announcing that he will retire at the end of the 1971-72 school year. His statement follows:)

I would like to express my appreciation to the fine people of the Hamlin community for the cooperation you have given the school board, faculty and myself during my tenure in the Hamlin Schools. This next year will be my last year to have the privilege of being your Superintendent of Schools, as I plan to retire after the 1971-72 school year. I will assure you that I will put forth all my effort to continue having the type of school you have desired all these years.

The 1970-71 school year has been a most pleasant experience: we have been successful although there have been many problems. I believe our successes have exceeded our disappointments, therefore the 1970-71 year has been a good school year. We have established a kindergarten program which has been very

successful. This will improve our first grade program.

During my tenure the cost of operating our school has increased. There are many reasons for this. Teachers' salaries have more than doubled; also the cost of school buses, teaching materials, fuel for heating and cooling, insurance, maintenance of plant, auxiliary personnel and instruction services all have more than doubled; some have tripled. With the increase in the cost of operating our school, I do believe this community would not have been satisfied with any less service or with a decrease in our instructional program. We have at all times tried to give this community the best school program possible.

The Hamlin Schools are recognized not only by our neighbors but by the State Department of Education as being an exceptional school system. Just last year we were visited by the State Department of Education in regard to our instructional program as well as our facilities. The Hamlin Schools were given a certificate as a fully accredited school by the State Department standards. The Hamlin Public School was the only school in Jones County checked by the State given a certificate without any deficiencies.

The faculty of the Hamlin Schools was regarded very highly, as we have twenty-six Master Degree teachers in a faculty of forty-eight. This is far above the average. The faculty of any school is the backbone of the school, therefore, the cooperation and leadership they have given has added much to the success of our school.

The student body has always been an outstanding group. Such fine young people as we

have in our school make all phases of school work an enjoyment to the principals, teachers and administrators. I want to thank them for their cooperation.

The citizens of Hamlin believe in and want a good school system. The Board of Education, for many years has recognized the desires of our people. They have given much of their time and efforts trying to furnish our community a first class public school. They have provided not only first class facilities, but have provided proper finances, which is very necessary to operate a school with the program and services we have in the Hamlin Schools.

Jerry Duncan To Receive Business Degree

Jerry Duncan, son of Mr. and Mrs. Edgar Duncan, is a candidate for a masters degree in business administration from Inter-American University in Puerto Rico.

Commencement will be held June 18 in Warner Theatre at Ramey Air Force Base.

Duncan completed degree requirements in March while he was base exchange manager at Ramey Air Force Base. In May he transferred to McCoy AFB at Orlando, Fla., where he is manager of the base exchange.

His wife Deenie, who had been teaching in Puerto Rico, and their daughter, Michelle, 4, joined him in Florida this month.

Mr. and Mrs. Bob Craig spent the weekend at Lake Hubbard visiting with their brother and family, Lt. Col. and Mrs. E. D. Fincher, Mike and Mitch and her parents, Mr. and Mrs. T. P. Fincher.

The student body has always been an outstanding group. Such fine young people as we

Others had submitted letters or indicated a desire to be considered, but withdrew prior to Monday's meeting.

One of the prime qualifications all 906 sections of Fisher County, not just one town or one precinct.

The Stamford American — Tuesday evening June 15 at 7:30 p.m. an open meeting will be held in the Council Room of the City Hall for all citizens who are interested in learning about the proposed railroad car shop and the consideration of forming a local corporation to guide and govern the industry.

For the past year the Industrial Committee of the Chamber of Commerce and the Industrial Foundation of Stamford have been working with the Texas Central Enterprises to establish the industry in Stamford. At this time the Texas Central Enterprises has withdrawn and the need now arises for a local support to establish the railroad car shop.

The board of directors of the Stamford Chamber of Commerce rejected a recommendation of the city council that they pay expenses of Mayor James Self on the "Texas Flight for Understanding."

However, members of the board offered to join other citizens in helping to raise the necessary \$600.

The question of Mayor Self joining this tour first came up at a city council meeting on May 21. At that time it was explained that the trip is being organized by Lt. Gov. Ben Barnes and will have as its purpose making contacts in Paris, Stockholm and Moscow, looking toward release of prisoners of war now

The Hamlin Senior Pony League team sponsored by Killion Tank Trucks defeated the Anson team 7-3 Monday evening. Tonight (Thursday) the local team will travel to Rotan and Monday will host the team from Aspermont in city ballpark.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

About this time every year for the past several years I have tried without success to get the school, civic clubs or just individuals interested in some type of summer recreational program for our youngsters.

Don't expect to have any more success this year than I have had in the past but feel that some program for the young people of Hamlin is needed — so here goes again.

The list of towns in this area that have annual summer programs for their youth grows each year with Hamlin being one of the few left doing nothing.

While Hamlin does have a pretty good baseball program to its credit this can hardly be called a summer program for two reasons. One is that it is over before the summer is much more than one-third gone and the other is that it makes no provisions for the girls.

What makes it so bad is that we have the facilities and the trained people are available — all we need is a little money and some interest.

But unfortunately, no one seems to care.

Another good project I would like to see the people of Hamlin undertake is getting our theatre opened here again. The people of Albany, after their theatre was closed for about a year decided that something should be done and they did it.

They formed a non-profit corporation, bought or leased the theatre there, remodeled it and are running it on weekends.

Volunteer workers did the remodeling, they replaced the seats and got the projection equipment up in shape and are now open every weekend. As I understand it, only the projectionist is paid with everyone else volunteering their time.

The Garden Club took on the project of selling annual memberships at \$50 each and raised over \$2800 in a few weeks.

I have no idea what it would cost to get the theatre here opened again or even if it would be available, but believe if Albany can support a theatre on weekends surely Hamlin can.

A friend of mine is serving on the board of directors of the Albany organization and if any organization here is interested in looking into the project I would be happy to arrange a meeting with some of the people of Albany.

There is a great need for a show here, especially for the junior high school age youngsters. The only way these kids can go to a show now is to get together and find someone willing to take them to Stamford or Abilene.

It has been proven that the youngsters of Hamlin won't support a youth center but I believe that they would support a clean, well run theatre, especially one that could operate on a minimum amount of income through volunteer support.

While mentioning Albany, I would like to put in a plug for the annual Fort Griffin Fandangle scheduled for this weekend and next. If you have never seen this production I would highly recommend it to you.

This will be the 32nd production of this outdoor stage performance put on by local amateurs with professional results. The show runs for six nights Thursday, Friday and Saturday of this week and Thursday, Friday and Saturday of next week.

The Fandangle is a gentle satire of life at the famous western outpost of Ft. Griffin, Texas, and the lively and lusty town of Griffin which sprang up in the shadow of the fort. The musical portrays the different facets of life in pioneer times through pageantry, comedy and showing off Western style.

RIFLE PRACTICE — Taking part in the rifle shooting session are girls in the second grade group. Here the girls take turns aiming the rifles at marked targets. Sessions are held daily this week at Camp Ka-Ta from 8:45 a.m. to 2 p.m.

The girls take part in arts and crafts, sessions in science, sports and games during the one week. Closing activities will be Friday at 7:30 p.m. Refreshments will be served the campers and their families.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(June 11, 1926)

One of the most prominent days of all for the Neinda community is the day on which their school closes. And that was on Friday of last week.

The Herald man had an invitation to be out with them that day; we certainly accepted and enjoyed the day probably better than ever before. And when we put our amount of enjoyment on that scale it means that we are scrambling for words to express ourselves.

We have heard much of the Neinda school building but not till last Friday did we really understand what a dandy structure they have. It is a brick and concrete and fully furnished. Everything about it is new. The people feel the newness of the surroundings and they are making the best of their opportunities. The Neinda school building is probably the best rural school house in Jones County. Jones County is ranked among the best equipped counties in the state. In the Neinda community one finds a great deal of pride being shown in many ways. There are many new modern farm homes will all the city conveniences and their farms are being handled in the most approved manner to produce the highest yield.

The school though is the real center of that community. It is there that every family is directly or indirectly interested. We find that their present Superintendent has been there three terms and has been elected for the fourth year. That speaks well for the community as well as for the teacher. We see from all indications that all teachers there the past term have had the best interest of the community at heart, for they have kept the school rooms and school property in excellent condition. There is system and order.

It was proven last Friday that Hamlin Park can be of use to more than just the folks of town.

The White Pond School closed a successful term and when they cast about for a good place to enjoy the last day no place could be thought of that would beat Hamlin Park. So the teachers and kiddoes and the parents all bundled up, and with lots of good things to eat hiked to Hamlin and had a real good time. Then left to enjoy the ballgames of the Neinda School that was also just closing.

TWENTY YEARS AGO
(June 15, 1951)

Hamlin Rotary Club heard Pat Patterson in their Wednesday luncheon discuss "America" and its flag. He took up in detail what the flag stood for and how interprise of its people help make 83 percent of the

Neinda Philosopher Starts to Solve Part Of Litter Problem But Then Backs Away

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One tackles the garbage problem this week, not too successfully.

Dear editor:

According to an article I read in a newspaper last night which I'd already looked at once but was better than the re-run I'd already seen three times on television, some ecologists were up in arms in some city. I forget which, because members of a woman's garden club served refreshments in paper cups.

Cold drinks, they contended, should be served only in returnable bottles or re-usable glasses and the women ought to be ashamed to be contributing to the garbage problem.

They said they had nothing against garden clubs but the members ought to join the national drive to cut down on the millions of tons of disposable containers now plaguing the nation.

I have been thinking about this and I guess the ecologists are right, but they shouldn't stop with paper cups.

For example, what I'd like to see is a returnable automobile. These throw-away models are cluttering up the junk piles of the world.

The same goes for

farm homes and land owned by the people themselves. He closed asking everyone to help keep our flag the symbol of freedom, and the land of the brave."

A series of home games are on tap for the Hamlin Cardinals and one of the chief attractions will be the appearance here Sunday of an Abilene independent club.

Little is known of the Abilene organization except that a number of college stars are included in the lineup.

Additional games with Trent and Dickens are in the offering for the Cardinals before the July 3 date with the strong Turkey aggregation.

Qualifying for the second annual Anson Country Club Invitational golf tournament is scheduled for June 21, and the three day tournament will follow on June 22 through the 24. The low 16 qualifiers will compose the championship flight.

Entry fee is \$5.00. Prizes totaling around \$1,500.00 will be awarded the various winners, Alton Washington, club president, has announced.

A buffet supper and long driving contest are included in the schedule for June 21.

Many Hamlin golfers have signified an intention to enter the tournament.

Announcement was made last week that the Hamlin Foursquare Church began a revival Sunday 10 to last through Sunday, June 24.

Evangelist R.E. Huymphrey is conducting the services each evening at 8:00 p.m.

Special music will be given throughout the revival and a cordial invitation is extended to all to attend.

TEN YEARS AGO
(June 15, 1971)

Hamlin representatives to Boys State, which was held last week in Austin, were Stanley Austin and Bill Richey.

The boys were selected by the faculty as outstanding citizens and future leaders of our city.

The boys are sponsored jointly by the Rotary Club, Lions Club and the Sylvester American Legion Post.

Fathers of Pony League ballplayers will play their sons in a benefit ballgame Tuesday night, June 27, at the High School ballpark. The game will start at 8 p.m. The fund raising game will give the dads a chance to even the score...with their kids who beat them earlier this month. The money is to help defray expenses of the league.

A children's revival will begin Monday at the Assembly of God Church with Miss Maurine Short of Abilene conducting the services.

Meetings will be held each evening at 7 p.m. Monday through Friday.

A THIRSTY LAND

Men have a thirst and a longing for goodness and righteousness. Even the most parched soul is touched by acts of kindness, forgiveness, and love. Jesus said, "Whosoever drinketh of the water that I shall give him shall never thirst; but the water that I shall give him shall be in him a well of water springing up into everlasting life."

May all who are thirsty for a oneness with man and with God find satisfaction and fulfillment by attending church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Supt. Cook to Retire At End of Coming School Year

(Editor's note: C. F. Cook, superintendent of the Hamlin Public Schools issued a statement this week announcing that he will retire at the end of the 1971-72 school year. His statement follows:)

I would like to express my appreciation to the fine people of the Hamlin community for the cooperation you have given the school board, faculty and myself during my tenure in the Hamlin Schools. This next year will be my last year to have the privilege of being your Superintendent of Schools, as I plan to retire after the 1971-72 school year. I will assure you that I will put forth all my effort to continue having the type of school you have desired all these years.

The 1970-71 school year has been a most pleasant experience; we have been successful although there have been many problems. I believe our successes have exceeded our disappointments, therefore the 1970-71 year has been a good school year. We have established a kindergarten program which has been very

successful. This will improve our first grade program.

During my tenure the cost of operating our school has increased. There are many reasons for this. Teachers' salaries have more than doubled; also the cost of school buses, teaching materials, fuel, insurance, maintenance of plant, auxiliary personnel and instruction services all have more than doubled; some have tripled. With the increase in the cost of operating our school, I do believe this community would not have been satisfied with any less service or with a decrease in our instructional program. We have at all times tried to give this community the best school program possible.

The Hamlin Schools are recognized not only by our neighbors but by the State Department of Education as being an exceptional school system. Just last year we were visited by the State Department of Education in regard to our instructional program as well as our facilities. The Hamlin Schools were given a certificate as a fully accredited school by the State Department standards.

The Hamlin Public School was the only school in Jones County checked by the State given a certificate without any deficiencies.

The faculty of the Hamlin Schools was regarded very highly, as we have twenty-six Master Degree teachers in a faculty of forty-eight. This is far above the average. The faculty of any school is the backbone of the school, therefore, the cooperation and leadership they have given has added much to the success of our school.
